- Just a reminder to periodically check up on your cord points, and if there are any discrepancies please reach out.
- For fifth semesters who were not at 25 points before the semester started, I still need proof of your volunteer hours for you to be able to earn points. This doesn't apply for those who already had 25+ points before the start of the semester. I know some of you who are close to getting your cord received it for your class pictures, so just remember to get to those 25 points before the end of the semester and send me your hours. I will recheck the points for these individuals, and if needed I will reach out to check on your progress on getting your 25 points. You can reach out to me if there's any issues.
- I will announce the winner of the cord points competition at a later time, since there are still a lot of events coming up.
- And that's it for me, so I will hand it off to Lucy.
