Community Health Director –

- Hello everyone welcome back to school, on March 14, there will be international speakers coming to Fresno State talking about drug addiction to help end the stigma of addiction. Many different student organizations will be attending and they want our students to demontsrate how to administer narcan. With that being

said, we are looking for students who would be comfortable doing this demonstrating in front of a large audience of students. Those who choose to volunteer will be doing a Narcan training on February 8th at 6pm in the NRC. We are also looking for volunteers to help guide the audience to their seats. If interested in volunteering, please talk to your class representatives or email me or Kristina so that we can send you a sign up sheet.

#### Membership Director
