A MESSAGE TO YOU

Although this semester may not seem too dissimilar from the last, we were given a chance to come out of our online lives. It was a transition that brought about mixed emotions including excitement and anxiety: excitement for new opportunities, new friends and adventures, or anxiety for the uncertain and having to brush up on social skills (because I know I did). Either way, it was a change that we had to become accustomed to, and that we did.

This semester, of course, is not without its trials and tribulations. All of us, no matter how big or small, have faced a trial one way or the other. Whether it be in our classes, our work, or something more personal, it eventually takes a toll on us as human beings. But as human beings, we were not built to be crushed by the weight of the world. We were built to be resilient, to get back up when we are knocked down. You have made it this far and that says a lot about who you are. What does that mean?

It means that I am proud of you for how far you have come. For every little achievement, for every big success, and for every moment when you felt like giving up but decided not to, you are amazing. Your hard work and every effort you've made for your goals and for yourself do not go unnoticed.

As you start another chapter, are ending one or continuing on your journey, never forget your "why". But most importantly, never forget how far you have come. Even if a wall stands in your path, make like a titan and bust through it. The semester may be over and another year starts, I thank you for all your hard work and effort. As many times as it may have been said already, you are amazing.

Don't forget to take a break. You deserve it.

BOOTCAMP

Getting accepted into Nursing School is one of the most exciting things to happen in life! Just as we are excited as you, we were finally able to hold an in-person bootcamp after over a year. Thanks to our CNSA BOD, sponsors, professors, and everyone who lent a hand, we were able to make it all happen!

This bootcamp serves as a preview of what's to come in the first semester of nursing school. From tips and tricks to how-to's, we are here to answer all your questions. We have information such as volunteering, cord points, workload, and experiences ready to be shared. Not only that, but it's your firsthand chance to meet and greet your cohort members!

We thank all the first semesters for holding such an amazing event and for all those who lent a helping hand! With all of your hard work, we were also able to hold a raffle where one lucky student won a brand new iPad.

EVENT HIGHLIGHTS

This year's formal theme was Enchanted Forest, filled with magical lights, delicious food, and amazing music. With the hard work of the planning committee and all who helped, we all made this night to remember to happen. We thank all the volunteers from all cohorts, those outside the nursing program, and the incoming nursing students who helped! We had a wide array of food including tacos, samosas, lumpia, cakes, muffins, and vegan options fit for everyone in attendance. Of course, we can't forget our amazing DJ Diko for providing us with some bumping tunes as we busted it out on the dance floor. For this year's formal, we included two CNSA Royalty (pictured below) which acknowledges either fourth or fifth-semester students who have gone above and beyond in both their schooling and their contribution to the community. We thank all who came to celebrate the end of the semester and make this night truly one for the books. We look forward to the next formal with you, and we hope it will be just as magical as the last.
